

# BINDINGBEAUTY PERMANENT MAKE-UP CLINIC AND TATTOO REMOVAL

Located in the heart of Kanata Lakes, BindingBeauty Permanent Make-Up Clinic offers a full range of procedures including eyebrow enhancement, upper and lower eyeliner, eyelash enhancement, lip contouring and lip fill. The Clinic also offers Tattoo Removal, using Eliminink™, which is very effective, and as a result, very popular.

## *Permanent Make-Up Procedures*

If your eyebrow hair is becoming lighter or sparser, an eyebrow enhancement procedure can fill in your brow, emphasize its arch, frame your face, and make your eyes look amazing. If you wear glasses and have a difficult time applying regular eye make-up, the eyeliner procedure is your answer! If you are too busy to apply regular make-up, then lip contouring/shading, in addition to

the eyebrows and eyeliner is a must. The benefit to you is that you look your best 24x7, no matter what time of the day or night.

## *Tattoo Removal*

The love affair with artwork on your skin may end someday, for a variety of reasons. If you want both the Tattoo and the ink removed from your body, it can be done! The result is smooth and natural looking virgin skin, free from scarring.
